## Quality Policy

Associate Enterprises Limited aims to provide products and services that are defect free, fit for purpose, delivered on time and at a competitive price.

We are committed to the continual improvement of our products and services in order to exceed our clients' expectations.

This quality policy is fully supported by the management and communicated to all employees, sub contractors and associates of Associate Enterprises Limited.

The company is compliant with all applicable legislation and operates to industry best practises where possible.

Quality performance is constantly monitored and any negative feedback from clients is recorded, reviewed and acted on.
